

CO-EXPRISE, INC. SIGNS AGREEMENT TO PROVIDE SUPPLY CHAIN SOFTWARE SOLUTION AND SERVICES TO GOODRICH CORPORATION

--To Connect Goodrich's Sourcing and Manufacturing Functions to Supply Partners--

WEXFORD, PA – March 31, 2008: Co-exprise, Inc., a supply chain technology and strategic sourcing company, has signed a long-term agreement to provide its CX4 Supply Chain Solution to Goodrich Corporation. Co-exprise's CX4 technology is based upon innovative software that will connect the critical supply chain links between Goodrich Corporation's sourcing and manufacturing functions and its supply partners.

Goodrich Corporation is a worldwide leading supplier of systems and services to aerospace, defense and homeland security markets. With one of the most strategically diversified portfolios of products in the industry, Goodrich serves a global customer base with significant worldwide manufacturing and service facilities.

"With Co-exprise, we will be introducing a business process overhaul for sourcing, outsourcing and re-sourcing of components and in some cases complete operations," said Dan Pleshko, Goodrich Corporation Chief Supply Chain Officer. "The software and services provided through Co-exprise will ease workloads, streamline processes, and assist our efforts in standardizing approaches in many of our sourcing areas."

The Co-exprise CX4 Solution creates a high-value linkage among the design, sourcing and operations teams to facilitate new product introductions, dramatically reduce cycle time, drive strategic sourcing initiatives, and improve quality.

"Goodrich exemplifies the type of thought leadership and forward focused thinking required to optimize business processes that impact bottom line results in the aerospace industry," said Bill Blair, Co-exprise, Inc. Chief Executive Officer. "We are looking forward to assisting Goodrich in meeting their goal of achieving supply chain operational excellence in a secure supply chain environment for areas of direct spend sourcing, new product introductions, and business process optimization."

About Goodrich Corporation

Goodrich Corporation, a Fortune 500 company, is a global supplier of systems and services to the aerospace, defense and homeland security markets. With annual revenues of \$5.9 billion, Goodrich is headquartered in Charlotte, North Carolina, and employs more than 24,000 people worldwide in approximately over 90 facilities across 16 countries.

Goodrich offers an extensive range of products, systems and services for aircraft and engine manufacturers, airlines and defense forces around the world. The company's transformation into one of the globe's largest aerospace companies has been driven by strategic acquisitions and internal growth fueled by innovation and quality. From aerostructures and actuation systems to landing gear, engine control systems, sensors and safety systems, Goodrich products are on almost every aircraft in the world.
